Special thanks to the staff at the California Oaks Golf Club for working so hard to make our new location such a great venue with special kudos to Chris our new director for his unrivaled enthusiasm. To all LEVEF Directors for their hard work in obtaining sponsors, donors and players. To LEUSD for allowing us to utilize your Public Communications systems to reach out to the LEUSD family. To Tulips Trophies and Treasures for your assistance in making our awards nothing short of fabulous as always and to the students in the LEUSD who inspire us each year to raise funds for scholarships. “Driving Education” is a great opportunity to support our cause and network while enjoying a great day of golf in the beautiful Inland Empire.
